PROFILE

As a Full Stack Web Developer with 2+ years of experience, I specialize in using PHP Laravel, Vue.js, MySql, and Node.js to create high-quality web applications. I hold a Bachelor's degree in Computer Science from York University, Toronto, and have experience using Git and Bitbucket for project version control. I am passionate about delivering efficient and effective web solutions that meet clients' needs and contribute to their success. In addition to my experience and skills in web development, I am an eager and quick learner, always seeking to expand my knowledge and expertise.

RELEVANT EXPERIENCE
